Experience

Software Developer II June 2019 – Current
Central Square Lake Mary, FL

- Lead a team to design and debate product improvements.
- Took initiative to learn several languages and frameworks where there were large knowledge gaps.
- Facilitated communication across several teams on key issues.
- Redesigned problem areas greatly reducing bug count.
- Worked with clients directly to develop custom functionality.
- Troubleshooted issues on legacy systems.
- Extensive work with Angular, Typescript, and Unit Testing.
- Collaborated with a large team to solve key issues.
- Lead movements to streamline processes and move to newer and more up to date systems.
- Trained new team members.

Senior Web Developer August 2016 – April 2019
Cornwall Analytics Inc. Sarasota, FL

- Redesigned, optimized and enhanced over 95% of the existing code base.
- Designed and developed a suite of Xamarin mobile apps.
- Developed a Rest Api with web hook integration.
- Heavily optimized and customized web applications to fit the needs of many individual clients.
- Worked directly with upper management on key projects.
- Instructed new employees on the system.

Website Designer August – December 2015
Good News Outreach Tallahassee, FL

- Met with clients for requirements gathering.
- Designed a new website following industry standards.
- Transferred web hosts saving over 85% in upkeep costs.
